

**FOR IMMEDIATE RELEASE**

**ARCADIA HOME CARE NOW OFFERS FREE CEUs**

Arcadia is proud to announce that we will now be offering **free CEUs** to applicable candidates. Our Compliance Department, along with Organizational Development, have gone lengths to make free CEUs available for Registered Nurses, Case Managers, and Social Workers. These CEUs are a wonderful way for health professionals to earn the continuing education credits they need to maintain their credentials. Please contact your local Arcadia Account Executive to start earning CEUs from Arcadia. These are all offered online and will print out a certificate from the California Board of Nursing and the Association of Social Worker Board.

Arcadia Home Care is pleased to offer this new service free of charge to health professionals and hopes to continue expanding the curriculum and our dedication to our fellow care providers.
